"Everything to Build
Anything"

Air Valves &
Air Cylinders

Air Valves:
Manual • Mechanical
Air Pilot • Solenoid
Air Cylinders:
Stainless Steel
(Industrial Interchange)

Robotic Motion
Control Systems

Single or
Multi Axis Motion
Scara Robots
Ball Screw or
Timing Belt Type
Rotary Actuators
Servo Cylinders
Controllers

Valve Automation &
Controls Center

BETTIS Actuators: Pneumatic, Hydraulic, 1/4-T & Linear
BETTIS TORQUEPLUS: Electric Actuators & SR Electric
HYTORK: Actuators and Automation Controls
ASCO VMS: Controls and Instrumentation
TOPWORKS GOSwitch & PMV USA - Limit Switches & Transmitters
SFP Electrohydraulic Actuators, Power Units & Controls

VALVES

Automated Butterfly Valves: general service, high/low
temperature & AWWA
Automated Ball and Plug Valves: general application API 6D,
FireSafe & ESD
Automated Globe & Gate Valves: general application,
control and throttling
Modulating Control Valves & Choke Valves

Pressure and
Flow Control Solutions

For Liquids & Gases
including:
Corrosive, High Purity &
Combustible Media
From Standard
"Off the shelf"
components to
custom designed &
manufactured systems.

Corrosion Resistant
and Ultra Pure,
Extruded
Fluoropolymer
Tubing

Fluorotherm
manufactures Corrosion
resistant and Ultra pure,
extruded fluoropolymer
tubing of PTFE, FEP, PFA,
MFA and ETFE, rod,
Retractable coiled tubing,
custom fabricated,
formed and machined
plastics and other
fluoropolymer products.

Instrument Tube Fittings & Valves

Stainless Steel
Steel & Brass
Double Ferrule Tube
Fittings, Pipe & Hose
Connectors & Adapters
- Weld, Flange & High
Pressure Fittings
Ball Valves • Plugs
Needle & Bonnet Valves
Check Valves &
Pressure Relief Valves

High Quality Stainless Braided, Teflon Hose, Fittings & Assemblies

Flexfit LLC specializes in the design and manufacturing of high quality hose and fittings for high purity applications. The evolution of S-COR, the company's 'trademark brand' comes from years of application experience involving the use of hoses of Teflon®.

Silicone covered hose, Stainless braided hose & Convoluted hose.

Hydraulic Power Units & Air Motors

Compact, Modular Hydraulic Units powered by AC or DC electric motors or air motors up to 5HP and 4,000 PSI
Vane & Radial Piston Air Motors, Controls, Reducers & Brakes

Valves

Rexroth
Bosch Group

Hydraulic Directional Control Valves
Pressure & Flow Control Valves
Modular & Electro-Hydraulic Proportional Control Valves
Modular Stacking Sandwich Valves
Hydraulic Pumps

Industrial Instrumentation

Pressure, Vacuum, Temperature Gauges & Sensors
Dial size from 1.5" to 6" DIA
Ranges from minus 30"Hg to 20,000 PSI
Pressure Transducers
Direct & Remote Reading Thermometers

Other Products

Eldon James

Medical Fittings
Miniature Fittings
Luer Fittings
Anti-microbial
Specialized Tubing

Air Curtains
Blow Off Nozzles
Transvectors
Sprayvectors
Ionizing Curtains
Enclosure Cooling
Spot Cooling
Cold Air Gun

Miscellaneous

Hofmann
Stainless Steel Quick Disconnect Couplings

Rego
Check Valves, Flow Control, Needle & Relief Valves

Pneumatic Components

Pneumax
Pneumatic Products

Magnaloy
Coupling, Pump/Motor Mounts, Hydraulic Manifolds

Casappa
Hydraulic Pumps

Hystar
Hydraulic Valves

Tomco
Quick Disconnect, Check & Pressure Relief Valves

Surrey Fluid Power Ltd.

also offers:

- Full repair facilities for hydraulics and pneumatics
- Hydraulic cylinders and power units manufacturing
- Design, engineering, consulting, sales and service
- Hydraulic and pneumatic hose, fittings and adapters
